## PERFECT PLANNING

**With the right equipment, the utility room is transformed into a real power house. With the smart ergonomic design and a multitude of handy modules, household chores run in record time. Washing, cleaning, stocking up. Whatever comes up.**

# CLEVER

# SPACE

Small space, huge benefit  
Even for small rooms there are great solutions.

## “THERE IS SPACE IN EVERY HOUSE” THEY SAY.

The trick is to use it to its full potential.  
With cupboard solution we create excellent space for the big and small everyday things - even in the most confined areas. The special catch about this - quality, design and aesthetics of the kitchen area are continued in the utility room.

### TIP

Whether it is washing machine or dryer:  
everything is perfectly integrated.

... the combination with  
our original recess back  
panels creates a place  
where housework is  
great fun.

# PURE

# Nature

**Take a deep breath.**

**With PUREmission, you can be sure that the permissible emission levels are usually far undercut. With PUREsist you get PUR gluing that can durably withstand high temperatures or steam.**

*Plenty of space,  
of course.  
Everything fits  
in perfectly.  
Useful things neatly  
stowed away.*

How about an appealing real-wood look? Of course, the storage and function modules are available with many different beautiful fronts.

**Wow! - That is tailor-made fascination.  
And a feast for the eyes.  
Everything ready to hand and neatly  
organised in a unique design.  
Every centimetre cleverly used  
and great to look at.**
